RESPONSE TO NOTICE OF
NON-COMPLIANT AMENDMENT

Dear Sir:

This is in response to the Notice of Non-Compliant Amendment mailed May 20, 2005. The Notice states that the new claims should start with claim 54 since the original set of claims were claims 1-53.

The captioned application is a continuation of serial number 09/601,842 which is the U.S. National phase of International Application NO. PCT/IT99/00051. Applicant advises that while the claims as filed in the International application were claims 1-53, that the claims were amended during International prosecution per the International Preliminary Examination Report (IPER) (IPER with amended

6299/USSN 10/830,082
Group Art Unit 1772

claims filed April 23, 2004) to read as claims 1-49 per PCT rules. Accordingly, upon entry into the U.S. National phase, the claims were claims 1-49. Thus, applicant's preliminary amendment filed April 23, 2004 is correct.

However, to move forward to prosecution in the event the Patent Office does not recognize the amendment in the International stage, applicant is submitting herewith a second preliminary amendment with the claims renumbered and identified starting with claim 54.

Respectfully submitted,

GUGLIELMO BIAGIOTTI
